THE CUBS HATE TO LOOSEN THEIR HOLD ON THAT GRAND OLD PENNANT

WASHINGTON, Sept. 29 .- It is a difficult matter to pick the winner of the world's series. The Athletics are strong as hitters. fair as fielders, fair on bases, fairly strong in pitchers; Giants

are fair hitters, good fielders, fast on bases, fairly strong in pitcher's box. From a batting standpoint it ought to be even money and select your favorite team. Cannot pick the winner until I see the teams in action.-Hughey Jennings, Manager De-

DORCHESTER, Mass., Sept. 29.—It's a hard choice to make, still I favor the Athletics, as I think Mack's batteries and infield superior to McGraw's.

GIANTS HARD TO BEAT, SAYS CHASE, I really believe the coming world's championship series between the Glants and the Athletics is going to result in one of the greatest tussles ever before witnessed. I would like to see Connie Mack and his men win. I believe the Giants are going to give them the hardest kind of a rub for the possession of each game. ## CHANCE THINKS GIANTS WILL WIN WORLD'S TITLE IF MARQUARD'S IN SHAPE

Manager of Cubs Believes Outcome of Series Will Depend Entirely Upon Pitchers, With New Yorkers Having Call if Rube Helps Mathewson.

BY BOZEMAN BULGER. (Special to The Evening World.) Chicago, Sept. 29.

N the opinion of Frank Chance, manager of the Cubs, the chances of the Giants defeating the Philadelphia Athletics in the world's serice will depend entirely upon the condition of Rube Marquard. If the big left-hander gets back in shape he thinks the Giants will win.

"Basing my statement on the general belief that Mathewson and Marquard are New York's two strongest pitchers," said Mr. Chance, "the condition of Marquard will tell the story. Nebody need to worry about Mathewson. He will surely beat the Ath- GIANTS NEED AT LEAST A WEEK

Nobody need to worry about Mathewson. He will surely beat the Athletics, and if he has a strong twirler to help him out, the Giants ought to win. The series will depend entirely upon the pitchins.

"If the Giants and the Athletics had to play a whole season against each other, the Giants would beat them out with ease, but in a series of seven games it is such a short sprint that the bulk of the pitching strength will have to be brought into service at once. The Athletics have two great pitchiers in Coombs and Bender. Of these itender is the better. While Coombs beat us three games last fall, he should not have won any one of them. In one game he allowed us eleven bases on balls, but the luck broke so that we could not take advantage of it. No pitcher in the world can give the Giants eleven bases on balls and beat them.

QIAMTS' BASE-RUNNING WILL CUT BIG FIGURE.

"The speed of New York base runners will cut a big figure in the world's series, but you must remember that the Athletics also have some great mee on the paths. I figure that the base running will about break even, and it will come back to a question of the sileching.

"I can see that McGraw is grooming, "I can see that McGraw is grooming," T can see that McGraw is grooming, "I can see that McGraw is grooming, the players have expressed the fear that the players

"I can see that McGraw is grooming Mathewson so as to have him just right for the big series, and he is acting with great wisdom. If other things break even, Matty will surely pitch the Giants to a victory. He is the best pitcher in the world to-day, ami against a team that has not batted against him regularly he is practically invincible. He will be just as strong against the Highlanders at New York in the zeries last tall.

POSSIBILITIES OF RACE FOR FLAG.

Tersely stated, the attuntion is this: If the Cuts win all of their remaining nine games, the Giants will have to win but seven of their remaining fourteen games to win the pennant. In that case the standing of the clubs would be: W. L. P. C New York ..... 97 57 .630 Chicago ...... 96 58 .623

in the league. He has done a lot of pitching of late, and this has temporarily workened him. McGraw would do well to give him a good rest and let him pick up more vitality.

"Marquard will give the Philadelphia club a lot of trouble if he is right, but to take the short end of it either way. he is not right now. When he pitched CHANCE WANTS TO SEE GIANTS

dangerous. Then, again, Manager McGraw knows basebail from A to Z, and is sure to put into execution every clever trick he knows. The wonderful base stealing of the Giants should be an important factor in the games. The Athletics are great hitters, and while they may not have stolen as many bases as the Glants this season, they nevertheless would show up well with the stick.—Hal Chase Manager New York Americans.

The only upset, however, was caused by the ineligibility of Clifford W. Insice, who did so well against Harold Hilton in the recent National Champtonship. In the last couple of weeks I had a chance to see just what kind of ball our neighbors play. While my leg was healing I watched the Athletics work. Two weeks of my time was spent at Shibe Park, and I tell you I saw a great ball team perform for Mr. Mack. They certainly deserve the title of champions. Now, if I were a besting man I would bet on the team that gets the odds. That doesn't signify that it is the best. To me the series looks like a consequence of the points which the Red and White team rolled him as had a strong team, particularly in the line.
